Subject: To Members of Town Council Regarding Emergency Services Administration

Dear Members of the Town Council,

I am writing to express my opposition to the proposed Emergency Services Administrator role as it relates to Bluff EMS.

Bluff EMS was not consulted regarding this proposal, and we have not identified a need for such a position. Our operations are managed by San Juan County, which maintains our vehicles, administration, supplies, and equipment. Due to strict regulations regarding medical privacy, inventory, and controlled medications, our equipment and documentation can only be handled by San Juan County EMTs. Furthermore, we already have a County EMS Operations Director who oversees our training, education, and grant writing.

Administrative assistance from outside the County EMS system would not be appropriate or beneficial for Bluff EMS.

Best regards,

Bess Bennett
