Mayor Ewing,

Thank you for all that you, the Council and staff have accomplished in only 5 months. You are much appreciated.

I understand that there have been a few (or more) written public comments as to the Truth-in-Taxation issue and a possible new position that an increase in property tax might fund. While I know that this is generally not the norm, I respectfully request that the written public comments be, not just entered into the record and posted on the website, but read aloud so that those attending or listening later know the general gist of town voters.

These are important decisions that will affect the town for some time. Please consider my request to read these into the record.

Thank you for your time.

Ann K. Leppanen
