F. Acknowledgment and Consent

Due to the historical nature of the Bluff Cemetery, some plots may later be determined to be unavailable or unsuitable for burial. Plot reservations are therefore subject to change if, at any time, it is discovered that a plot contains existing human remains, previously unknown interments, unyielding subsurface conditions, conflicts with adjacent burials, boundary discrepancies, access limitations, or any other condition that makes use of the plot impracticable or inappropriate.

Acknowledgement & Consent Continued

If such a condition is identified prior to burial, the Town of Bluff reserves the right to reassign the reservation to a comparable available plot or issue a refund of plot fees paid. The intended occupant or their authorized representative will be notified as soon as reasonably possible.

If such a condition is discovered during excavation or opening of a purchased or reserved plot, including the discovery of human remains or other conditions inconsistent with safe and lawful burial, the Town of Bluff reserves the right to immediately suspend use of that plot and relocate the burial to another appropriate available plot within the cemetery. The Town will make reasonable efforts to consult with the intended occupant, next of kin, or authorized representative, but may act without prior consent when necessary to protect existing remains, comply with law, or proceed with timely interment.

By signing below, I (name) _____ hereby agree with this arrangement and understand that a reservation is subject to change. I acknowledge that the original burial plot is no longer suitable and agree to the relocation of burial rights to the new plot described above. This relocation supersedes prior agreements.

Upon processing this submitted form, a representative of the Bluff Cemetery Board will contact you to confirm plot location(s).
